

SAFE HANDS

BOOK EARLY:
Next year the Munchkins Day Nursery will be offering full-time care for children aged from eight weeks to five years

Are you using, or going to use, any of the following?

- Out of school club or play scheme
- Childminder
- Day nursery
- Pre-school or playgroup

All registered childcare must comply with minimum national standards (OFSTED). Quality assured ones exceed these minimum standards, are within the top 30% and carry a national recognised kite mark under DFES 'Investors in Children'.

By choosing in this way you will have peace of mind, knowing your child is receiving the best and that professional staff aim continually for perfection

www.devon.gov.uk/zero14plus/training.html

If you have been looking for child care with a difference, then search no further. From January 2005, Munchkins Day Nursery will be offering full-time day care for children aged from eight weeks to five years.

The nursery's aim is to offer a unique standard of care that will exceed any parent's expectations, and the staff at Munchkins are rightfully proud of their reputation in Exeter.

Munchkins has installed a NurseryCam facility for parents' peace of mind. This is a secure webcam system which allows parents to view their child in nursery over the internet while sat at their office, desk or at home. This way, parents can feel more involved in their child's daily development and can be sure that they are both happy and safe.

The baby room staff are trained in the loving art of baby massage and with parental consent, can offer this facility throughout the day at relaxation times. The older children will have the opportunity to participate in peer massage sessions

and also the learning of the French language. The nursery is situated in a beautiful Victorian house and has a wonderful enclosed rear garden laid with a safety surface and a range of wooden play equipment. There is also a sensory garden and an area of soil for the children to dig, plant and watch their creations grow.

To ensure they offer outstanding quality of care, the management team believe in employing staff who all hold the same beliefs, and are able to provide incredibly high standards of care as well as wonderful play opportunities in order that the children will readily develop.

The children also benefit from the organic fruit and vegetables that are served.

Due to these additional services and high standards of care, places at Munchkins are booking fast.

If you are interested in reserving a place, or would like to view the nursery, why not come along to our open day on Sunday, December 5, between 11am and 3pm, or contact the nursery manager, Kate on 01392 498814.
